

Working in the Mine

Where is the photograph taken?
Who is the man?

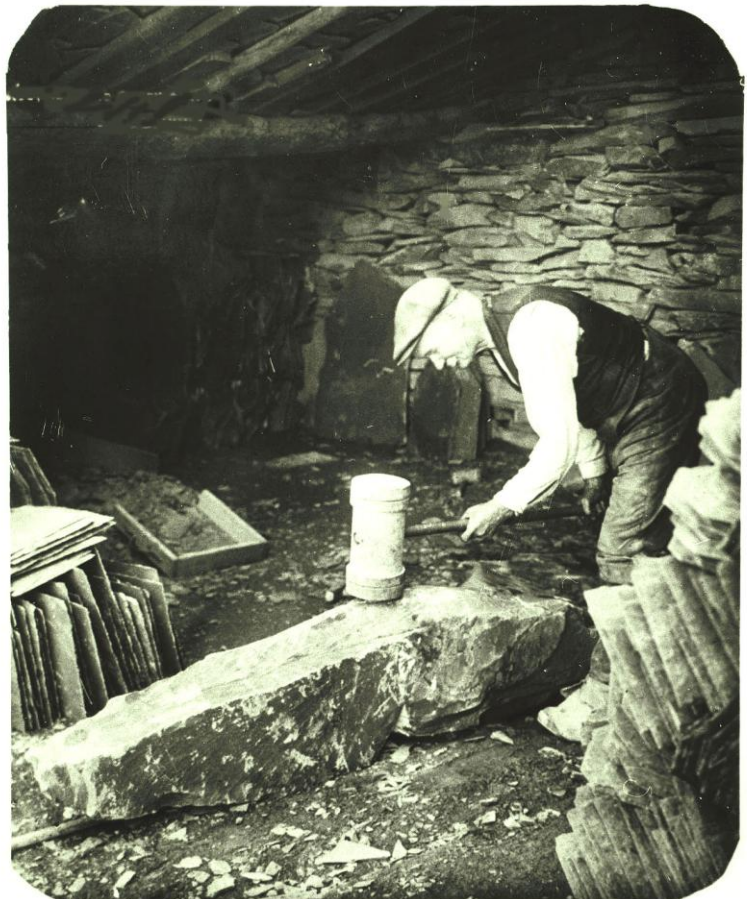

What is happening in the picture?
What is the man doing?

What tools is he using?
What is each tool used for?

Was this an easy job?

How long has he been doing this job?

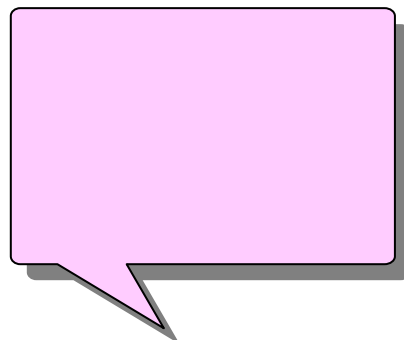

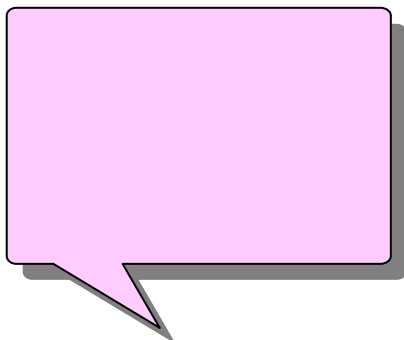

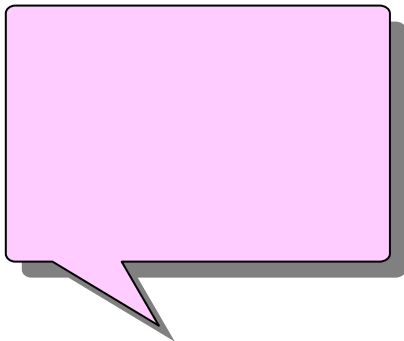

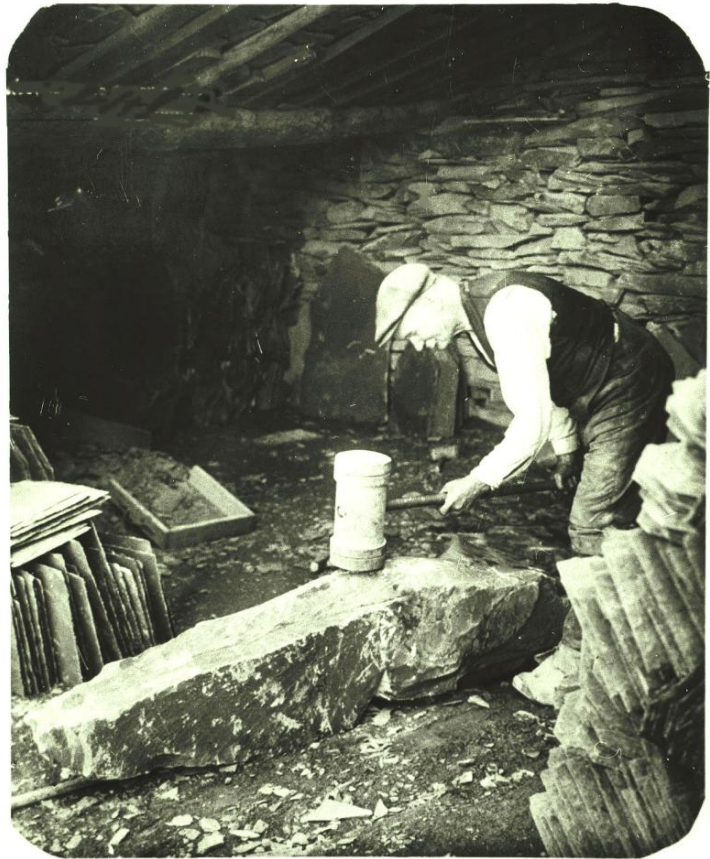

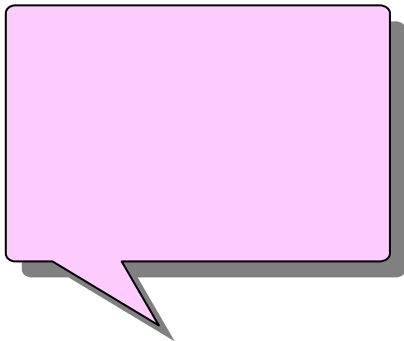

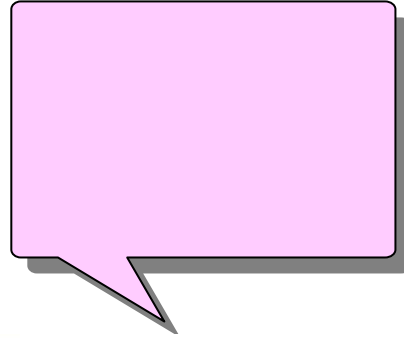

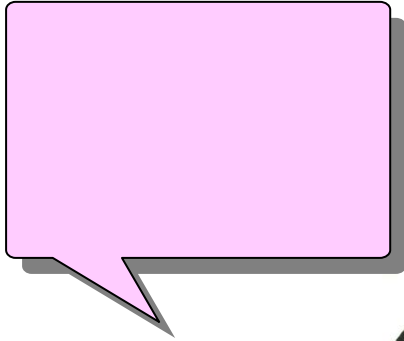

Why is he surrounded by different sized slates?

Did he need any special skills?
Who taught him?

What will happen to the slate next?

Working in the Mine
